**The World Press Freedom Index (WPI)**  
The World Press Freedom Index (WPI) is an annual ranking of countries compiled and published by Reporters Without Borders (RWB) or Reporters Sans Frontiers (RSF) in French language, since 2002 based upon the organization's own assessment of the countries' Press Freedom records in the previous year. It intends to reflect the degree of freedom that journalists, news organizations and netizens have in each country and the efforts made by authorities to respect this freedom. Reporters Without Borders is careful to note that the WPI only deals with press freedom and does not measure the quality of journalism in the countries it assesses, nor does it look at Human Rights violations in general.
